

1EdTech Japan Lab 説明会

2024年10月

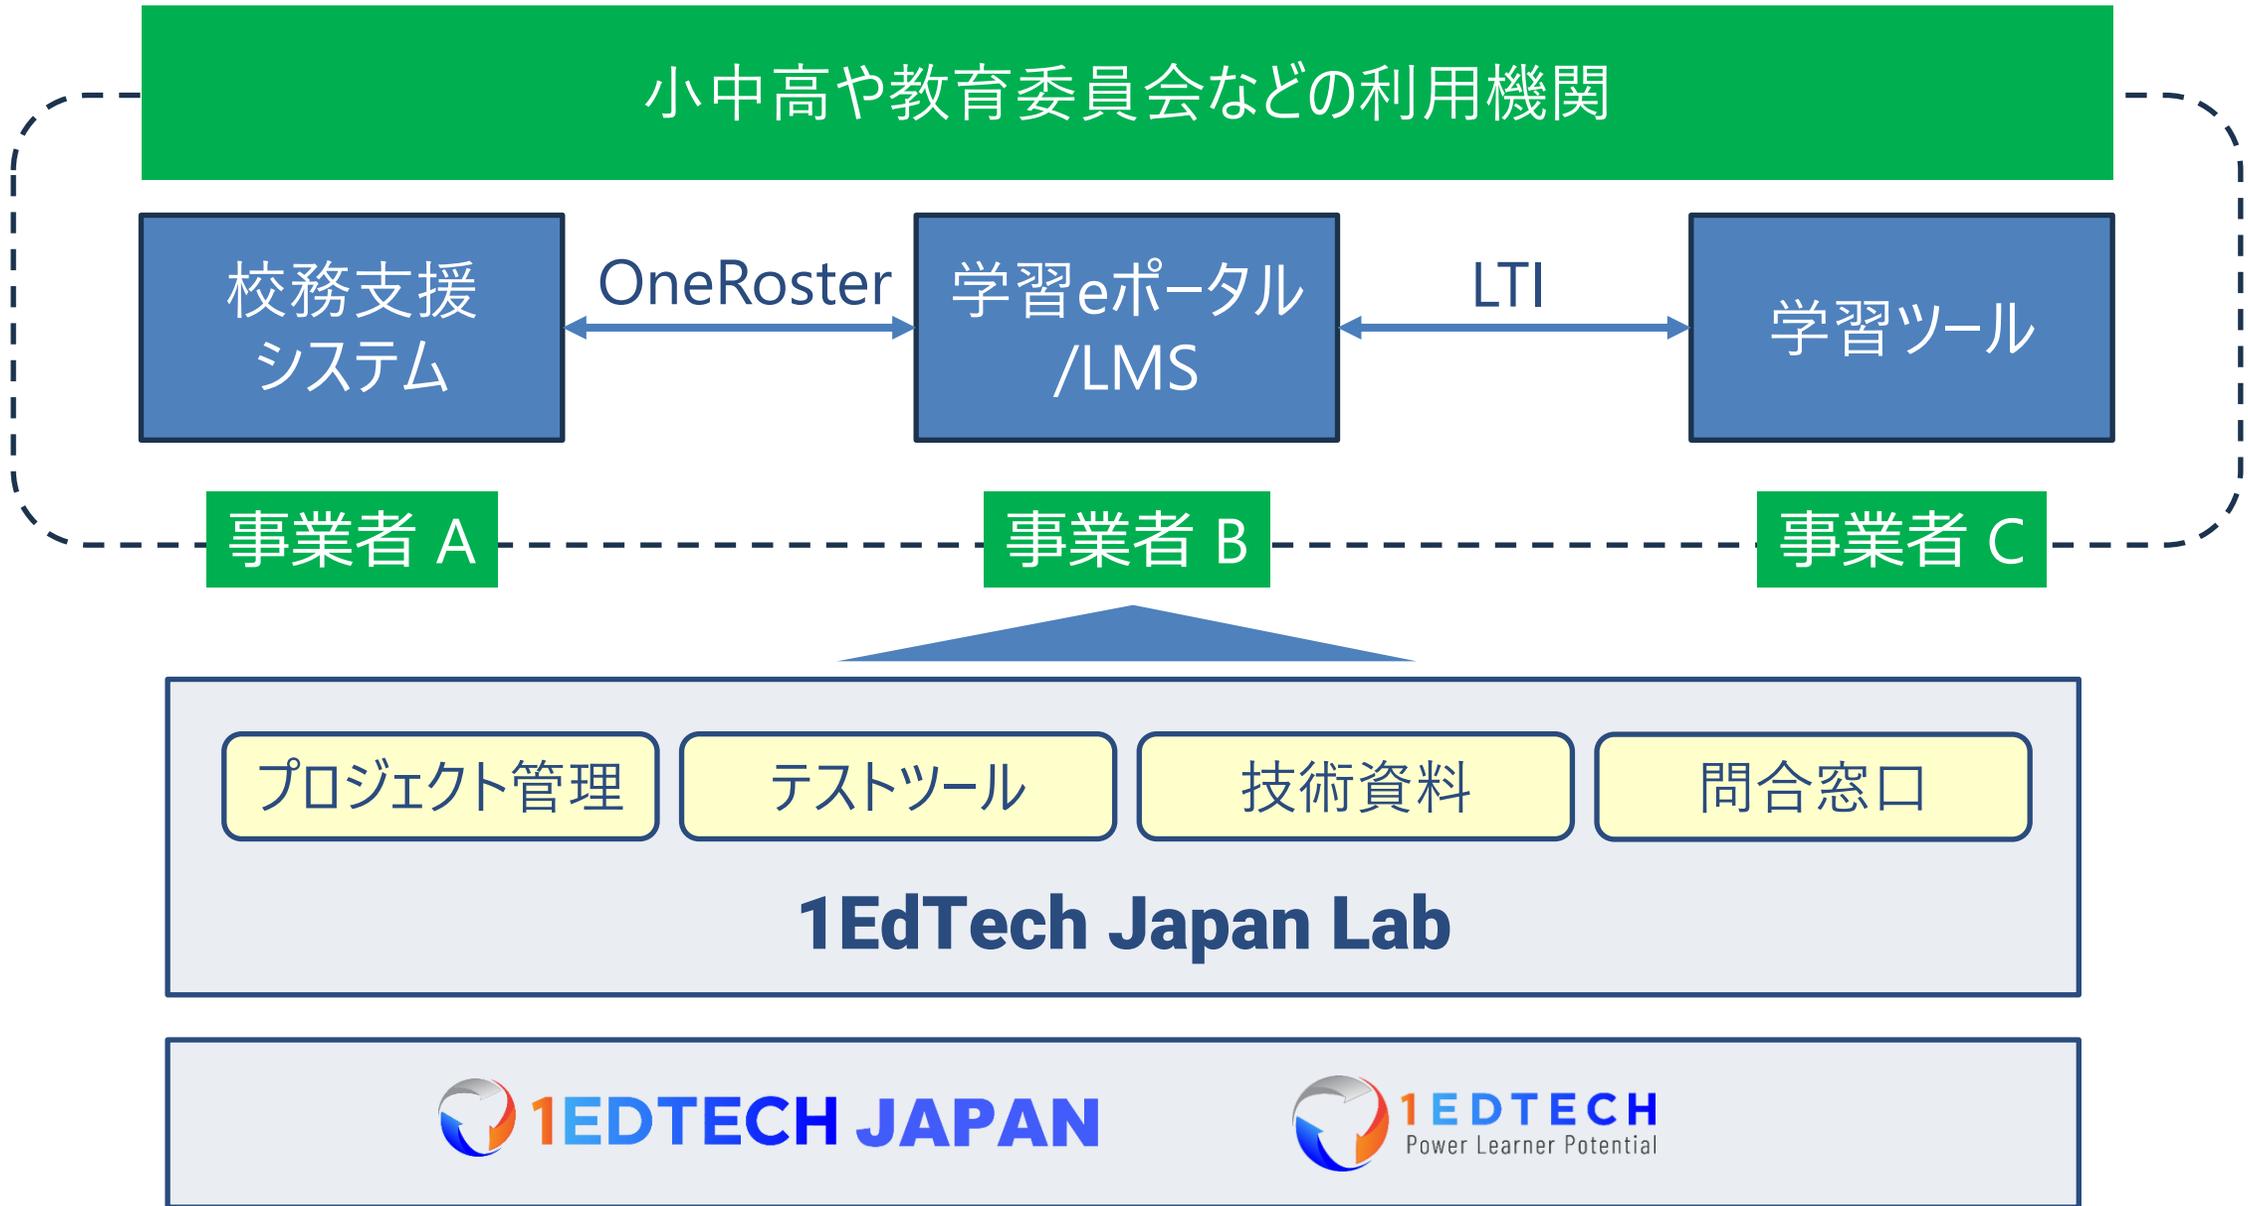

技術委員会 常盤 祐司

- 目的

- 1EdTech標準の実装支援を通じて、日本における学習デジタルエコシステムの構築を推進する。

- 内容

- 公募した事業者、利用機関および日本1EdTech協会により共同開発プロジェクトを実施する。
- プロジェクト実施に際し、実装に必要な情報、テストツール、プラットフォーム等を、1EdTech会員に限定されているものも含み無償で提供する。
- プロジェクト成果はイベントやWebサイトで報告し、文書は Creative Commons、ソースコードはOSSとしてGitHub等で公開する。
- 対象とする1EdTech標準は OneRoster、LTI、Open Badges とする。

Membership

Your current 1EdTech Membership Level is Contributing Member.

As a Contributing Member, you have access to all 1EdTech leadership activities and the entire spectrum of 1EdTech standards and resources, including sample code, tutorials, and materials to begin implementation of 1EdTech standards. Our goal is to provide you the full array of resources to contribute, implement and advocate for the 1EdTech standards and the evolution of effective digital teaching and learning.

Your organization's participation in 1EdTech is governed, in part, by the [1EdTech Intellectual Property Rights \(IPR\) Policy](#).

Member Newsletter

Read the latest edition of the [monthly member newsletter](#) that provides a recap of 1EdTech news, big announcements, upcoming events, recent certifications and much more.

Roadmaps & Plans

1EdTech standards evolve to meet the needs of the ecosystem. Our roadmap shares information about what's on the horizon.

[View The Roadmap](#)

We want to hear your ideas for future 1EdTech activities and specification development. If suggestion that you would like considered 1EdTech Roadmap, let us know!

[Add A Suggestion](#)

Development, Testing & Conformance

Jumpstart your adoption of 1EdTech standards with these resources.

[Test Suites, Validators & Sample Code](#)

This is your starting point for information on Development, Testing and Conformance Resources. Get access to test suites, validators, sample data and more!

Reference Implementation & Certification Suite

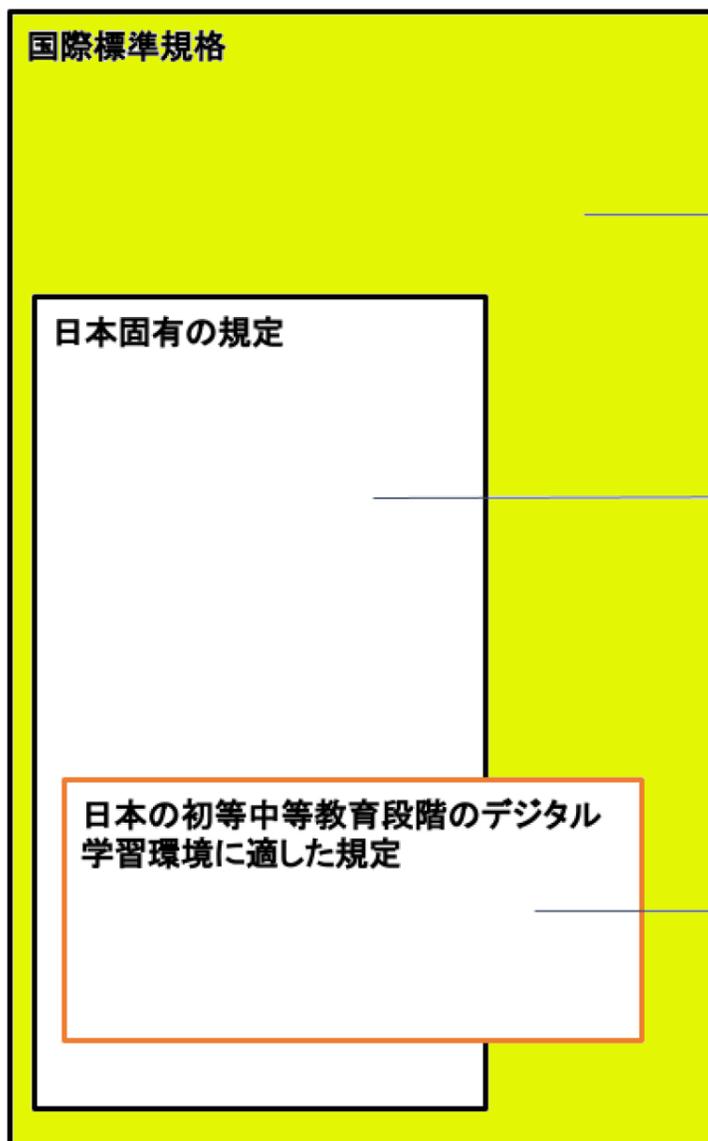

Next Generation Tools was Announced at LI2024 and Available to Members in November 2024

The screenshot displays the 1EdTech LTI Platform interface. On the left, the 'LTI Platform Test Suite' section includes a blue instruction box: 'Please launch the TAMS Diagnostics tool within your Learning Platform.' Below this, the 'Recent Launches' section lists two events: 'LTI Advantage Core Launch' and 'Deep Linking Launch', both occurring 24 minutes ago. The main content area shows the 'LTI Advantage Core Launch (178)' status, which is 24 minutes ago. A progress bar indicates three steps: 'Core Platform Tests' (completed), 'Names & Roles', and 'Assignments & Grades'. Below the progress bar, the 'LTI 1.3 Core Platform' section shows 'OIDC Login Initiation' (5 / 5 passed) and 'LTI 1.3 Content Launch' (11 / 11 passed). A detailed view of the 'LTI 1.3 Content Launch' shows it was received and includes a receipt of the launch request and the decoded LTI Launch JWT.

On the right, a separate window shows the 'Data Science for Beginners: A Comprehensive Overview' course page. It features a sidebar with navigation options: Home, Names & Roles, Assignments & Grades, and Id Token. The main content area displays the course title with a green checkmark, a description: 'Dive into the basics of Data Science, and explore how data can be used to make informed decisions.', and a target URL: 'https://micrometer-prod.1edtech.cloud/ltiplat/course/5'. Below this, the 'User Information' section lists: Name: 1ET Admin User, Email: 1etadmin@1edtech.org, Identifier: 2, and Given Name: 1ET Admin.
